**Are You ONE?**

**Do You Know ONE?**

The "One in a Million" is a nation-wide campaign to collect the names of those one in a million teachers who have made a difference in students' lives. With this initiative, all teachers past and present can be rewarded. Teachers are the very foundation of society, and this effort will change the course of education for the future of America. It will also have an immediate and far-reaching impact by stressing the importance of teacher recognition and honoring the teaching profession in American culture.
